**9,000  
POUNDS  
CAPACITY**

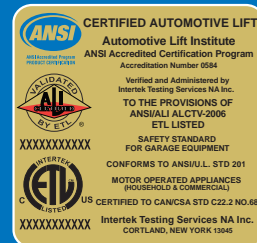

Shown:  
Model EFP9N000  
9,000 lbs. capacity

### Engineering Excellence

Forward's U.S. engineers have over 29 years of combined experience designing automotive lifts for service and repair shops. Forward's philosophy is to own our designs rather than use someone else's off the shelf product.

### Product Integrity

21st century design tools allow us to create, control and validate our designs to ensure maximum performance. Forward lifts are thoroughly tested to meet quality and durability standards. All product families are proof load tested to 1½ times rated capacity and rigorously cycle tested.

**Four-Post  
EFP9N000  
is Gold  
Certified**

*Engineered to perform... Built to last!*

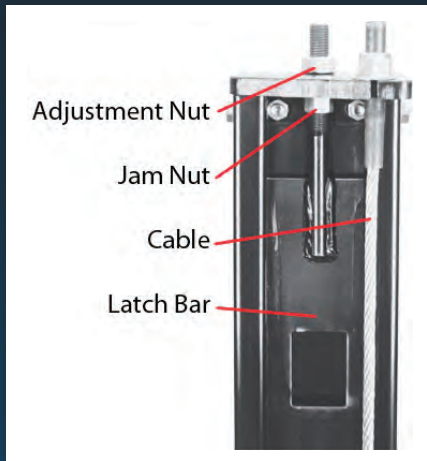

# Forward CEFP9 9,000 lbs. capacity runway lifts
